CITY COUNCIL MEETING DATE: AUGUST 6, 2008

DEPARTMENT: PLANNING AND DEVELOPMENT

ITEM DESCRIPTION: WVR-26389 - WAIVER - APPLICANT/OWNER: WOLF CREEK HOME OWNERS ASSOCIATION

**** CONDITIONS ****

The Planning Commission (6-0 vote) and staff recommend APPROVAL, subject to:

Planning and Development

1. Approval of and conformance to the Conditions of Approval for Special Use Permit (SUP-26823) and Vacation (VAC-26418) shall be required.
2. This approval shall be void two years from the date of final approval, unless a certificate of occupancy has been issued or upon approval of a final inspection. An Extension of Time may be filed for consideration by the City of Las Vegas.

Public Works

3. Prior to the recordation of a vacation for the public streets with the Jones Horse at Iron Mountain Ranch residential subdivision, such as VAC-26418, submit a plan for the termination of Canyon Ranch Street acceptable to the City Engineer. Such plan shall address curb, gutter, sidewalk and radius requirements.
4. Install a crash gate at the termination of Canyon Ranch Street acceptable to the Fire Protection Division.

**** STAFF REPORT ****

PROJECT DESCRIPTION

This is a request for a Waiver of Title 18.12.130 to allow Canyon Ranch Street to terminate in a dead end street where a cul-de-sac is required generally located between Amber Station Avenue and Delonee Skies Avenue. Canyon Ranch Street currently provides vehicular access between the Jones Horse at Iron Mountain Ranch subdivision and the Iron Mountain Ranch Village 11 Unit 2 subdivision. The applicant has submitted a Vacation (VAC-26418) to vacate the streets within the Jones Horse at Iron Mountain Ranch subdivision as well as a Special Use Permit (SUP-26823) for Private Streets as companion items to this request. As there are no single family homes which front on the street proposed to be vacated and placing a cul-de-sac within the existing Canyon Ranch Avenue alignment would be prohibitive, staff recommends approval of this request.

To allow an existing street to terminate without the required cul-de-sac	A cul-de-sac of sufficient radius for emergency vehicle and other large vehicle access	Approval

ANALYSIS

This is a request for a Waiver of Title 18.12.130 to allow Canyon Ranch Street to terminate in a dead end street where a cul-de-sac is required generally located between Amber Station Avenue and Delonee Skies Avenue. Canyon Ranch Street currently provides vehicular access between the Jones Horse at Iron Mountain Ranch subdivision and the Iron Mountain Ranch Village 11 Unit 2 subdivision. The segment of Canyon Ranch Street between Amber Station Avenue and Delonee Skies Avenue does not contain any driveways, curb cuts nor does it provide any sort of direct access to private property.

The applicant has submitted a request to Vacate the streets which currently serve the Jones Horse at Iron Mountain Ranch subdivision, which includes Amber Station Avenue, Soaring High Street, Glenmere Avenue, Dakota Trace Court, and portions of Chestnut Run Avenue and Canyon Ranch Street. Chestnut Run Avenue provides direct access from the subject subdivision to Jones Boulevard while Canyon Ranch Avenue serves as a local street. The applicant is proposing to provide an entry gate at the Jones Boulevard and Chestnut Run Avenue entrance, and place an approved barrier at the neighborhood access at Canyon Ranch Avenue. Due to the limited amount of existing land, placing a cul-de-sac within the existing Canyon Ranch Street would be prohibitive; therefore staff recommends approval of this request.

Title 18.12.130 Cul-de-sacs

Cul-de-sacs shall be designed and installed in accordance with City standards. For public streets which terminate other than at an intersection with another public street, the termination shall be provided by means of a circular cul-de-sac of a sufficient diameter to accommodate emergency service vehicles for termination. For private streets or drives which terminate at a length over one hundred fifty feet, there shall be either a circular turn-around or emergency service vehicle access gates.

Staff finds that proposed dead end street where a cul-de-sac is required is an acceptable termination of Canyon Ranch Street as there are no homes or properties which front on the subject section of street; therefore staff recommends approval of this request.

FINDINGS

The applicant has presented a unique circumstance in that an existing single family subdivision is reverting the street ownership from public to private ownership. This includes gating of the existing subdivision and creating one point of ingress and egress onto Jones Boulevard from Chestnut Run Avenue. As Canyon Ranch Street is already existing and fully improved with established development on both perimeters of the roadway, installing the required cul-de-sac would be prohibitive. In view of this hardship imposed by the site's physical characteristic, it is concluded that the applicant's hardship is valid, and staff recommends approval.
